### Tipping Fee Policy

- Container size is load size, unless operator is notified of significant discrepancy. Operator decision is final.
- Load volumes significantly in excess of container size will be adjusted to include excess volume.
- Payment is due at time of receipt unless approved credit has been established.
- **Costs for the removal and disposal of contaminated/rejected loads are the responsibility of the hauler/generator. If A1 is required to facilitate the removal and disposal of such material, a processing fee of 3 times the normal tip fee will be added if material is sent to the landfill.**
- **Loads containing trash and garbage deemed NOT recyclable that are dropped at our site will incur a “clean up fee” of \$50.00**
- Pricing is for material FOB A1 Organics Nevada site.
- Client and or site specific container and transportation fees are separate and will be quoted based on condition of material, service required, and transportation distance.

By signing below, I understand, acknowledge, and agree to the above Tipping Fee Policy for A1 Organics Nevada.
